Sat. July 1 Sledrunner- Anchoring.

APPETIZER DINGHY RAFTUP 6PM. HOSTED BY SHARON AND JERRY HENRICHON- EXIT STRATEGY

Sun. July 2 Malletts Bay- If you haven't entered Malletts Bay from the broad lake consult your charts before entering the opening at the causeway since depth is an issue. Weather and wind direction will dictate our choice of anchorage location. Captain Mike on sv Brizo has agreed to make the call as to our choice. There are various options available within the bay for pumpouts, fuel, ice, and groceries. Consult your cruising guide.

Mon. July 3 Deep Bay- Quiet, serene, beautiful anchorage. Excellent protection. No anchoring. Approx. 60 moorings at \$10. Per night. Hiking trails.

Tues. July 4 Pelots Bay- The approach to Pelots can be tricky as well. Consult your charts.

Protection is excellent from all except Northeast winds. We will most likely be anchoring in the southern end of the bay for best protection. No transient moorings. Pumpout, ice, food, fuel available at North Hero Marina (monitors Ch 16). 802-372-5953
